Soft
Sanctuary

“Mila’s serene, luxurious character perfectly complements the softness of commercial spaces, but I think architects and interior designers will also have fun specifying this range across wider landscapes. Units can be positioned side-by-side and back-to-back with no head clash, and you’ll be able to create an interesting topography by mixing high and low-back seats and sofas,” says Aaron Clarkson, Lead Designer, Boss Design.

Mila, a unique soft seating range ideal for creating a range of luxurious spaces. With a firm surround creating a protective cocoon around its soft cushioning, Mila's sofa, armchair and high-back single seat promise an oasis of calm, next-level comfort and a place of sanctuary.

Confident
Contrast

Mila High-Back is made for quiet moments in busy places, perfect for phone calls, focused work or quiet contemplation. Its elevated back and enveloping form soften visual and ambient distractions, giving you enough privacy to speak freely while staying subtly connected to your surroundings.

Gentle privacy without isolation, compact footprint, and flexible placement as singles or paired settings.
