Ola Collection

As working patterns evolve, cafés have become workplaces and the café atmosphere has migrated to the workplace. With its refined profile, ergonomic comfort and elegant forms, the Ola Collection spans workcafé through to formal meeting spaces. A seating collection that is enticing, comfortable and versatile.

Creative

Vision

The Ola Collection has been created in conjunction with the leading German furniture designer Wolfgang C. R. Mezger. His focus on form and function, and consideration of every detail, are reflected in the finely crafted aesthetic that makes Ola, Ola Plush and Ola Tub so instantly appealing.

"You have to be precise and get down into the details because little things can make a big difference. Sometimes I say it's like walking a razor blade. If you go to the right, you fall down. If you go to the left you fall down. You need to walk the razor's edge and follow its line to create the perfect product."

—Wolfgang C. R. Mezger

Design

Evolution

Continuing the sublime lines of the original Ola design, Ola Tub's sides curve gently up to crest with subtle gullwing-shaped arms for a sit that is restful, supportive and secure. Retaining Ola's light visual appeal, Ola Tub is ideal in both relaxed and formal work settings.

Light

& Appealing

Ola's elegant, slimline design and distinctive style combine to create beautifully curved, multipurpose seating ideal for a range of workplace habitats. Fully upholstered, Ola Plush brings softness, texture and visual interest to evoke a relaxed, welcoming atmosphere.

Work café

Café Work

Just as we've taken our laptops and colonised cafés to work on the go, the café vibe has drifted into the workplace. Ola, Ola Tub and Ola Plush cater perfectly to this dynamic, offering people the comfort, company and coffee they need to get things done.

Better

by Design

Monoshell chairs have been around for decades. In such a crowded category, our challenge was to design a chair that improves on all that has gone before. Following an iterative process led by Wolfgang C. R. Mezger, we have honed the Ola design down to an ideal form – a seating collection that is like no other in look, feel and quality.

Materials

Matter

And details matter. That's why Ola can be specified in so many different styles. From the minimalist simplicity of a single-tone shell to oak and walnut veneers and on to the ruffled fabric textures of Ola Plush, this is a seating collection to tantalise the senses.

Focus

& Freedom

The injection-moulded shell utilises advanced mono-sandwich technology to increase the strength and durability, whilst ensuring a flawless surface finish and minimising the amount of material used to lower the carbon footprint.

Another

Level

Truly meeting our work café vision for the Ola Collection, bar-height brainstorming, socialising and laptop working are catered to with the four-leg barstool option, available in eight standard shell colours, oak or walnut veneer shells, with a seat pad, or in a fully upholstered Ola Plush version, covered in your choice of fabrics.

Ola

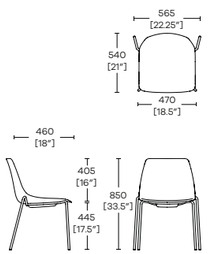

Details

Sustainability, form and choice – every detail of the Ola collection has been carefully considered to deliver unrivalled flexibility for an evolving workplace.
